Sale of Seats for Friday Night's International Bout Breaks All

Recent Records.

NTEREST in that international heavyweight battle on Friday night growing. They say the seat sale breaks all recent records. Palzer and Vells are plugging away in their training quarters, Wells at Rye, Paiser on Staten Island, both far from the mad-

years that a real English heavyweight ion has fought in America, Six or eight years ago a second rater named Palmer came here and was whipped by Jack Twin Sullivan in Caliornia. Palmer represented himself to be champion of England and got whipped for the championship shortly re coming here. At that time En glish champions cut so little figure in fighting affairs that the passing of a title of any sort in England was hardly considered worth cable tolls. Since Charile' Mitchell's time English heavy-weights have been satisfied with fightin England, where the going was Bombardier Wells is the first Enheavyweight of any conseque ome a'hunting for real trouble, pick ing the hard ones here. How good his courage and his intentions are can be judged by his insisting upon fighting the best and no second raters.

JENNINGS NOT LIKELY TO MANAGE THE TIGERS AFTER THIS SEASON.

DETROIT, Mich., June 28.—Unless the Detroit baseball club takes a big brace it is almost certain this will be the last year of the Jennings regime here. President Frank Navin says: "I am not at all satisfied with the way things are going on the club. Jennings appears to have lost his hold on the men. They seem to have no confidence in his judgment. Our pitchers have been handled poorly and the club has shown little science. In fact, under Jennings we always won our games by the hitting ability of the players rather than by any strategy. As Jennings has a contract for this year we shall not make any change right now and want to give him a chance anyhow."

JOE STEIN PROVES **GAMENESS IN BOUT** WITH MIKE GIBBONS

HERE is mutiny in the ranks of the Boston National Club, and the management is afraid that it will spread throughout the entire ranks. Hub Perdus, the only real first class pitcher on the club's payroll, is under suspension for an argument with Manager Johnny Kling, while Hogg, a much touted pitcher from New Orleans, who was sent to the Lowell Club of the Welterweight Severely Punished in Ten-Round Contest at St. Nicholas Rink.

Joe Stein, the east side welterweight, can now be referred to as one of the gamest fighters in the puglistic game. He earned this distinction by taking as severe a lacing from Mike Gibbons of St. Paul in a ten round bout at the St. Nicholas A. C. as has been administered to a fighter since the night Jim Flynn walloped big Carl Morris in a contest at Madison Square Garden. So badly was Stein punished that even his own admirers were speatly surprised to see him go the limit.

As a result of his gameness Stein's face is badly puffed up to-day, his body is sore, he is minus some of his teeth, but he has \$300 in his pocket, which was his end of the receipts.

Highlanders Play 2 Games To-Day

The Highlanders, crippled as they are double-header this afternoon. Although it did nothing more than threaten to rain in Philadelphia yesterday, Manager Mack, realizing the weak condition of Mack, realizing the weak condition of the New York team, ordered a post-ponement. This is a real hardship on Manager Wolverton's club as he has only five regular pitchers with him. Eddie Plank and Cy Morgan are the World's Champions' box nominees for to-day while Warhop and either Cald-well or Quinn will hurl for the Hilltops.

The Highlanders have signed another new pitches and he will report for duty at once. He is Twitten Davis of, the Williams College nine and is considered the best borman in the collegte ranks. BOSTON, June 26.—The basis of the trouble lies in the fact that my salary is not what it should be. I objected to being worked yesterday out of my regular turn, while there were others who had not worked for days and days, and who are being paid more money than I am to sit on the bench. Kling called me names, and I answered back and said he was a fathead. He suspended me and told me to go home. I will not play on the Boston team again. Coach Jim Rice Intends to Put His Men Through Strenuous Day's Work.

POUGHKEEPSIE, June 36.-The Coumbia varsity eight, which is thought o have a chance equal to Cornell's of winning the big regatta here, is expected to be sent on the only time row it has had this season to-day. Coach Jim Rice is planning to work them hard today, which will be the last strenuous work before Saturday's race.

The Ithacans were the only ones ou when the storm swept up the river yes terday. Syracuse, which had gone down over the same trip chosen by Courtney a few minutes ahead of the Cornell navy, missed the blow entirely. but they found the water very rough et out their stroke.

Jim Ten Eyek laid off three men of the varsity in order to give them a rest, as he is anxious that none of them shall be overtrained. Thurston, stroke; replaced by Hall, Sommerville and Probst. This change is not to be per-

manent, however, and the regular men will be back in the shell to-day.

A very short row was taken by the Columbia crews, and in the afterneon it was lengthened only a short distance. Both of their rows were upstream by the ice house. Again a few racing starts were held by all of the three crews.

It was reported at the Columbia have

three crews.

It was reported at the Columbia barge that Moore, who is rowing at No. 6 in the varsity, is suffering from a boil on his side which is bothering him considerably, but he will not have to leave the shell at all, it is thought, although Coach Rice is watching him carefully.
